## DEDICATION

As a teacher, she has given us the opportunity to obtain for ourselves the knowledge expected of high school students. She has taught us many important things by her ability to be fair, yet strict.

As a counselor, she has always had the patience and willingness to help the students with our every-day problems. Always there is her hand to guide us along the right path.

As a friend, she has been ever ready to serve when she is needed. She has added her sparkle to the activities throughout the year. She has truly been influenced by the power of God, and she has surely passed this influence to her many students. The Echoes Staff proudly dedicates the 1961 Echoes to Mrs. W. B. Terrell, a most deserving person.

# PRINCIPAL'S MESSAGE

In this fast moving, 20th century era, can your attitude towards learning and mastery of subject matter be compared to that which your beloved parents and grandparents had at your age? Are you curious about things? Do you ask questions and seek out answers from those whom you know can help you? High school students have lots of questions. They also seem to think they have all the answers, many times. Take care not to hide behind this false security. Your teachers and peers are constantly looking for the best in you and rejoice when they see your accomplishments. Your school seeks at all times to discover your hidden potentials. Give it a chance! Someone has said, "Education is emancipation from herd opinion, self mastery, suspended judgment, urbanity. A LIBERAL EDUCATION frees the mind from the servitude of the crown, and vulgar self interest."

How well will you be able to fit into this formula?

Most any boy can tell you how many pounds he can lift or how fast he can run fifty yards, but rare indeed can one be found who has any conception of his intellectual muscle.

Most young people have no idea of their great potential. There are countless numbers who stand at the edge of learning, but who do no more than go through the motions of getting it—maybe just stick in a sampling toe.

Where are the adults who are saying to the youth of today, "You are better than you think you are. You can be a doctor, lawyer, clergyman, physicist, engineer, teacher, philosopher. There is a college for you. Lift up your sights. That is the great stillness in education today."

# CLASS HISTORY

We, the Seniors of Elon College High School, began our Freshman year nervous and scared. Four years ago, early one morning in September, 1958, we started our high school years. They were to become the happiest and most exciting years of our life. After searching the halls for our classrooms, we finally became familiar with our routine. We sincerely and graciously thank Mrs. W. B. Terrell and Mr. Clyde Boswell for getting us started in our freshman year of high school.

As we became more familiar with the school routine we chose the following class officers: President-Mike Phillips; Vice-President-George Morningstar; Secretary-Sue Burge; Treasurer-Bill Hughes.

When we returned in the fall of the next year, we were happy and refreshed Sophomores, ready to tackle another year of hard work and enjoyment. We again were gracious to Mrs. W. B. Terrell and Mr. Gerald Johnson for their excellent help and guidance. This time our selection for class officers were: President-Rena Tickle; Vice-President-Lynda Daniels; Secretary-Linda Williams; Treasurer-Sam Webster.

It was during this year that we began our money-making projects, for we were warned that events of our Junior and Senior years would require quite a bank roll. We sponsored two skating parties, after which we had many bruises and aching muscles.

The time passed quickly, for we were Juniors before we knew it. Our wonderful and beautiful Southern Plantation Junior-Senior Prom was inspiring us as we were working very hard to raise money to pay for our supplies. One of our money-making projects, a play called "Pest Guest," was a big success. We also sponsored a Valentine Dance--which turned out to be a St.

Patrick's Day dance. The dance had to be postponed so many times because of the heavy snow!

Cape Canaveral had nothing on us Juniors--for while our government worked on the Satellite, we began our launching with the selection of our class officers: President-Glenn Goss; Vice-President-Sue Burge; Secretary-Lynda Daniels; Treasurer-George Morningstar.

As the year came to a close, a dream of each Junior was realized . . . the owning of his own class ring.

Finally the long-awaited moment appeared when the name "Mighty Seniors" was bestowed upon us. We elected our class officers as follows: President-Ken Ferrell; Vice-President-Danny Whitaker; Secretary-Freda Setzer; Treasurer-Gail Smith.

The thought of leaving "Dear Ole Elon" and of what the future held was frightening; but we were encouraged by Mrs. Margaret Muckenfuss and Mrs. W.B. Terrell. We were very busy the first part of the year raising money for our wonderful Senior Trip. Last, but not at all least, was graduation night, the most unforgettable night of our lives, although it was sad . . . .

Each step that led us on our long way up was hard; but because each person did his share, the efforts have been worthwhile. These four years have been wonderful and full of happiness. Friendships that have been formed will never die.

We tearfully leave "Dear Ole Elon High," but we always will hold a place in our hearts for our wonderful school.

# CLASS POEM

Life is but a wayward path;  
Everyone must walk his own.  
So here we are at one sharp turn;  
Our senior year has gone.

Life is truly a long, long road,  
And we should receive the best.  
But on our journey down the lane,  
We should remember all the rest.

For with fellow man we must live,  
And should help through every year.  
Remember to give the person next door  
A smile, a hand, and a cheer.

Credit is given where it is due;  
Our teachers and parents receive mine.  
For without their help from year to year,  
We would not have arrived at this time.

Farewell old Elon High School;  
May your walls ever be here.  
We leave you now with happy hearts-  
A laugh, a sigh, a tear.

# CLASS PROPHECY

I walked into my partner's office the other day to consult him on a case we were handling.

Whom should I see but Hal Brown, who is now the president of a large corporation. Hal wanted to consult George Morningstar, who is my partner, and me on the legal aspects of a merger of his company with another.

As our conversation progressed, the three of us began a reminiscence of our high school days. We gave Hal quite a surprise when we called in our secretary, who is none other than Shirley Crouse.

Hal told the three of us of a reunion of our class which he had attended last month.

We were very eager to hear him, for the three of us had been in court with a case at the time and were unable to attend the reunion.

Hal told Shirley, George, and me all the latest news about our friends and former classmates.

I shall now pass this on to you:

Pam Boone teaches at the Elon elementary school. She is married and has two boys. One of her good friends is Rena Tickle, who is coaching the girl's basketball team. I hear Elon hasn't lost a game. Linda Williams also teaches at Elon. She has taken Mrs. Johnston's place as music teacher.

Judy Steele has her own dance studio. Her daughter and her son really "dance up a storm."

Ann Kernodle is a secretary at Hughes Motor Company, which is owned by her husband Luther Andrews. They sell Ann's favorite car - Pontiacs.

Freda Setzer, Carolyn Smith, and Judy Kelley are secretaries at Western Electric. Each has a wonderful husband.

Melba Hensley and Gail Smith are private secretaries to two of our Senators. Boy, what an exciting time they must have!

Sarah Barnes and Joann Schmidt are nurses at a Charlotte hospital. They really have those doctors going around in circles.

Bobby Burgess and Joe King are in the army. Their Sergeant is Dean Queen.

David Wagoner, who was always "up in the clouds," is now in the Air Force.

David White is an admiral in the navy. He has a girl in every port. His friend, Sam

Webster, is a chief petty officer in the navy. Sam and his attractive wife and their two husky sons are stationed in Florida.

Ken Ferrell is with the North Carolina State Highway Patrol.

Glenn Goss and Jackie Caldwell are professional baseball players. They play for the Milwaukee Braves. Those two boys are batting a thousand.

Bill Hughes liked the Industrial Education Center so much that now he is principal. Bessie Holt works in Bill's office as file clerk.

David Andes is a well-known psychologist. He has discovered a cure for mental illness.

Anita White is a research chemist with Dupont. She is working on a drug that will enable people to live forever.

Palmer Burch is an airline pilot with Eastern Airline.

Eddie Dunkley is manager of Saunders Distributors, Incorporated.

Joe Loy has one of the largest farms in the state.

Sue Johnson and Rebecca Rumley are beauticians. They own the Johnson and Rumley Salon in Greensboro.

The favorite T.V. show among the teenagers is hosted by Danny Whitaker. He plays all the hottest records.

David Lassiter is a department head at Western Electric. Lewis Wilborn and Billy Brown are his "right hand men."

Mike Phillips, Joe Winstead, and David Thompson are building a power plant in South America. This plant will bring power to the remotest corners of the continent.

Lynda Daniels is married to a minister. They have three little Lyndas and one Larry.

Donna Johnson is a housewife. She and Leevon have two lovely children.

Sue Burge and Janice Hensley married their dream men. These two are seen shopping together quite often.

Brenda Wright married Roger Keck. They now own Belk's Department Store.

I have just given you a brief look into the lives of the members of the Elon College High School graduating class of 1961.

it this year. We have  
you a lot of laughs especially  
during the snow. Best  
wishes to a swell girl.  
Love Ya!  
Doris

Ruth,  
I really have enjoyed knowing  
you this year. I think "Go" has  
a wonderful & sweet sophomore  
sister. (Don't you?) Didn't we  
have fun during the snow?  
Remember the Coca-Cola  
sign, & when we all fell out of  
it into the ditch? (Ha! Ha!). Well,  
I know I will see you next year,  
being as I will be at Elon, so I  
don't need to say "farewell". We  
had loads of fun at the basket-  
ball games, didn't we? Remember  
the one at P.C. when it was  
raining & sleeting? That was  
really a C-O-L-D night!!  
Well, I believe it's about  
time to close, so you be sweet  
like you are now, & you will  
go far in life.

Loads of Love,  
"Sissie"

Ruthie,

It's been great to meet you and your wonderful family. You certainly are lucky.

Best wishes for the future for you deserve it. Study hard and come to see Alice and me at Carolina sometime when we will have a lot of time to "goof off".

Thank you so much for accepting me as a friend even though Alice does "complement" me so often (just kidding, of course)!

Love,
